Homepage Widgets

Your theme supports a widgetized homepage. If no home widgets are active then your blog posts will show up by default.

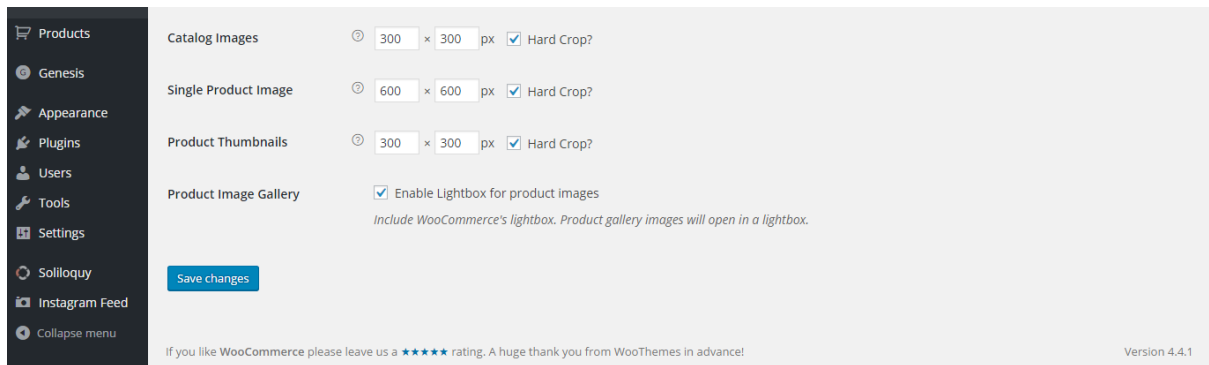

Your home-middle widget area is specifically made for genesis enews extended so you can bring attention to your readers to get them on your email lists. Following is how you set up your home top & home bottom sections

Change Colors

You have an option to choose from unlimited colors.

Shop Set Up (optional)

Your theme is woocommerce ready.If you set up your shop you should change the image dimensions to the following

The screenshot shows the 'Catalog Images' settings in the WordPress admin dashboard. The left sidebar contains a menu with items: Products, Genesis, Appearance, Plugins, Users, Tools, Settings, Soliloquy, Instagram Feed, and Collapse menu. The main content area is titled 'Catalog Images' and includes the following settings:

- Catalog Images:** Dimensions set to 300 x 300 px, with 'Hard Crop?' checked.
- Single Product Image:** Dimensions set to 600 x 600 px, with 'Hard Crop?' checked.
- Product Thumbnails:** Dimensions set to 300 x 300 px, with 'Hard Crop?' checked.
- Product Image Gallery:** 'Enable Lightbox for product images' is checked. Below this, a note reads: 'Include WooCommerce's lightbox. Product gallery images will open in a lightbox.'

A 'Save changes' button is located at the bottom left of the settings area. At the bottom of the page, there is a footer message: 'If you like WooCommerce please leave us a ★★★★★ rating. A huge thank you from WooThemes in advance!' and the version number 'Version 4.4.1' on the right.
